Sociology has relation with From Prada to Nada Film. So that, the researcher decides to use Sociological Approach to explain materialism in From Prada to Nada Film by Angle Gracia.
According to Dictionary of social science (2002:299) “materialism is the philosophical position that states everything is material, or a state of matter”. It mean all thing is money. According to Wehmeier (2003: 823) materialism is the believe that money, possession and physical comforts are more important than spiritual values. It means, money is everything and able influence his life of the person. Materialism also able made someone do it everthing to get some money. Materialism also call ambition or motivation for someone. Because, materialism is material, generally is money.

These social act give lessons for spectator to understand about society and people’s personalities. Actually, these social act are interesting topic to be discussed in the research. But, the researcher choose one of them to keep focus the research. It is Materialism in this film. It can be found in From Prada to Nada Film:

1. **Datum 1 in 00 : 02 : 38 : 00 :02 :56**

   **Situation** : When Nora drive car from school. In front of beaverly hills, Nora stop his car. Then, She hit Mary’s car. Mary feel angry with Nora. She calls loudly about this action. She not accepted with the nora’s act.

   Mary : oh my god! Nora, you just hit me.
   Nora : don’t take side Juanito. I’m the one who thinks you’re cute. It’ll live. It’s just a car not baby.
   Mary : Nora you don’t hit a new bimmer.
   Nora : Mary, it’ll be fine.

Based on the conversation above, the researcher thinks that the conversation between two person in this situation about property. They speak car. The car is a property. The car is luxury style in social class. The car refer about glamour style in this film. This film also serve changes someone character. There is example conversation found in From Prada to Nada Film.

“Data analysis method is a way or research technique that is the unsure of people’s mind, because its function not collect to the data, but to find out the relationship between each data that never be explored by itself.”

Based on the statement above, the researcher concludes that data analysis method can help to the researcher to analyze the data found in the From Prada to Nada Film by using the data a nalysis method. Beside that, data analysis method is the most important to the research. The researcher find out dialouge and scene in the film. So that, the method is very important. "Berbeda dengan penelitian kuantitatif yang sarat dengan rumus dan pembuktian statistic, serta disajikan dalam bentuk tabel, gambar, diagram, maupun bagan, dalam penelitian kualitatif disajikan dalam bentuk deskriptif atau naratif."

“It’s different from quantitative research laden with formula and statistical evidence, presented in the form of table, picture, diagram or chart, the result of qualitative research presented in the form of descriptive or narrative.”

The researcher uses qualitative method. Because, the researcher describes the content of research in the form of method, verbal and narrative. the researcher explains the finding of research as found in From Prada to Nada Film by Angel Gracia. Beside that, the researcher divides many findings and discusses the findings to clarify the data, they are the factor and the effects of materialism. In this chapter to strengthen the finding, the researcher uses some theories of expert that relate to the topic of finding, which are mentioned by Guerin (1991), Flower (2009).

1. The Factor Causing of Materialism Found in From Prada to Nada Film.

Materialism is one of society phenomenon forms. Materialism influenced social economic of someone. There are factor and effect in materialism. The factor of materialism in this film are: the death of their father and bankrupt. The negative effect of materialism in this film such as, dissapointment and depression. On the other hand, the positive effect are motivated and solidarity. Meanwhile, the researcher thinks that the materialism has relate with Sociological Approach. Wellek and Warren (1948:89) explain that this Sociological Approach to literature is particularly cultivated by those who profess a specific social philosophy. The researcher thinks that Sociological is the perspective of social. It is supported by Guerin (1991) says that social and economic context show many other causes of materialism such as, materialism based on family, materialism based on economic, materialism based on culture, materialism based on capitalism, materialism based on individualism, materialism based on social class. The researcher chooses the the factor of materialism relates to From Prada to Nada Film by Angel Gracia. This is the factor of materialism.

a. Materialism Based on Family

Family is one cause by materialism. This is factor of materialism. The causing of materialism is poverty. The problem of the poverty is law economic in someone’s family. Family is able to bring the big problem someone’s life. Lack of ability of someone, that someone how do not to work. The people will be materialism. Because, people need some money. Money also control human life. Materialism is a perpective of material. Generally is money. Then, they think to good future life. But people arround in the world not like with the materialism. Because, materialism is a bad current. Exactly, materialism is bad current. On the other hand, the people like the current of materialism. From Prada to Nada Film contains story of materialism based on family. In this film, it presents many think that direction to materialism based on family. The factor of materialism is caused by family. It can be seen from the death of their father because their father was bankrupt. This is a factor causing of materialism. It is found in From Prada to Nada Film by Angel Gracia.

b. Materialism Based on Economic

Situation: Mary tells the condition with her friend in under tree. Mary looks depression at the situation. She lost everthing in her life. Because, her father is bankrupt. She smokes with bad face. She tells the problem in the house with her friend. She does not shopping again. She also does not diet again.

Carrie: Okay so you are poor
Mary: No more shopping
Carrie: Ough, i’d kill myself
Mary: No high-protein diet. Poor people only eat carbs.
Carrie: Wow

The conversation means that the problem of materialism caused by economic. Nora and Mary are poor people. They have not anything in their life. They just have huge amount debt. The problem of the poor change their life. Mary does not like shopping.
again, she does not do diet. She likes glamour style. So that, she affraids with the bad condition. Mary fells dissapointed with the bad condition. Curry’s friend says that she wants to kill herself. If she was poor people, she wants to kill herself. The reaeacher thinks that materialism will change the someone’s character. The problem of the poor makes materialism. Mary will think to get some money again. She does not want to be a poor people. In the fact, the money controls human life. Then, Mary will be materialism. Materialism gives many effect. For example, positive and negative effect. So that, materialism become opinion social because, materialism have relation with social term. The reasearcher seen the corelation between human and social life. Then, the reasearcher also connected with Sociological Approach. 

2. The Effects of Materialism found in From Prada to Nada Film

Materialism is one of social problems happened in someone’s life. it can be devided into two kinds of materialism effects, they are positive and negative effect of materialism. For example, the positive of materialism make a spirit to get a lot of money. It can be called by a motivation. Motivation is one examples of materialism in getting some money. Beside that, materialism also bring the negative effect. Materialism is the action social life. Althought, materialism hated by other people arround the world. But, some person like with the materialism. Materialism is caused by economic, culture, social class, individualism, and capitalism. But in this reasearch, the reasearcher just focuses on economic effect of materialism.

Based on the economic effect, it can be seen in one example, it is about a poor that where a poor become someone’s materialism. Materialism have effect to the people, such as psychology or physical. As the good people materialism should be avoid. Because, it will change the character to the bad character. Furthurmore, From Prada to Nada Film present positive and negative of materialism that the caused by the economic problem that there are many effect of materialism found in From Prada to Nada Film by Angel Gracia. As follows:

a. Motivated

Situation : In the front Bruno’s house, Mary speaks speak with Bruno. Mary does not like with Bruno. Mary tries to bet with Bruno. The betting is the aunt’s party will be amazing. Mary want$ dancing with Bruno. It can be called by a motivation from Mary to Bruno. Bruno accept with the bat in the situation.

Mary : So, like do you ever get paid, or do you just get off or working for free?
Bruno : Wow, is that a new word you just learned? “Work”?
Mary : Well, see, I would do it if it didn’t involve labor.
Bruno : Magic
Mary : With this. Nice. It’s junk.
Bruno : See, the thing is, princess, is that you can hate this for what you think it is or you can love it for what you know it can become.

Mary : Wow. Sound like you’re building a mission, father
Bruno. Ok we need a party not a chapel.
Bruno : Hey, you know where birds of paradise is?
Mary : A metapora.
Bruno : A flower. They’re for the decorations. Can you get some of those for me? They are the ones that look like birds of paradise.
Mary : Seriously, not gonna help
Bruno : Wanna bet?
Mary : Yeah, actualy name it.
Bruno : I will make the party beautiful, and you give me a dance.
Mary: *All right, you got it, my man. I’m late for my manicure.*

In this part, the dialogue shows that the betting between Mary and Bruno. The betting aims to make a good celebration in Mary aunt’s house. If the celebration gets success, Mary will dance with Bruno. But, if the celebration failed, she will not speak with Bruno again. The researcher thinks that it is positive effect of materialism because Mary gives motivation or changes to the minor class, especially Bruno as a minor class. From the motivation, Bruno can be an amazing people. Beside that, Bruno feels that this is the good chance to his life because Bruno likes Mary very much. It can be shown, Bruno always to help Mary’s problem. Then, Bruno has goal to change Mary’s character.

Flower (2009:224) states that the preparation of the child for responsible life in free society, in the spirit of understanding, peace, tolerance, equality of sexes, and friendship among all people, ethnic, national and religious group and persons of indigenous origin. It makes a conclusion that positive spirit is the good action especially for people interaction in the society. Materialism does not only give the negative effect for the action in the society. But, materialism give positive spirit or motivation for the people that someone has positive in brain.

**b. Dissapointment**

**Situation**: Mary and Rodrigo go back to in aunt’s house. Mary accompany with Rodrigo’s car in the morning. Nora saw Mary with Rodrigo. Then Mary pull Nora. Nora does not like with the act from Mary. Nora angry with Mary. Nora not like with Mary’s boyfriend. Then they are guarreling.

Nora: *What do you know about the guy?*

Mary: *He is a gentleman. Oh my gost, Nora, i’m in love.* *And i’m moving out in two weeks.*

Nora: *Has he told you he loves you?*
Mary: *Okay, seriously, you just don’t get it. He’s strong silent, okay? I just know.*
Nora: *You know what?*
Girls: *Rememember, two-for-one?*
Mary: *Thanks*
Nora: *Mary you just met him.*
Mary: *So?*
Nora: *That’s not love.*
Mary: *Okay, how do you know? What love is? What wrong with you?*
Nora: *What do you want for him?*
Mary: *I want to go back to beaverly hills, Nora. Okay,there, i said*
Nora: *It makes you a whore.*
Mary: *Better than the spinster.*

The conversation above tells about Nora’s dissapoinment to Mary. It can be seen from the italic dialogues above between Mary and Nora. The problem emphasized Mary and her family especially Nora gets angry with Mary’s action. She does not accept Mary’s action at this situation. Because, Mary’s action has negative effect to her life if she always become materialism in her life. Nora thinks in her brain that the materialism can be damge someone’s life especially the materialism become someone’s whore in her life. Nora hates with Mary in this situation where they debate how to solve Mary’s problem in front of their aunt’s house. The debate makes dispute between Mary and Nora that Mary’s action will dissapointed in other people of Mary’s family. On the other hand, Mary makes materialism because she just get the riches again especially she gets the beaverly hills again from Olivia as her step brother. Beside that, Mary misses the moment that she has everything in her life when the father still alive in her life.

The researcher gives opinion that Mary becomes materialism in bad condition in her life because she does not know how to work hard to get some money. So that, she just
suspended to the other people in around her. She is not capable to fulfill her necessary in her life, if she has not money. Mary usually luxury in her life. If she becomes a poor person, she will lost everything for example, their friend and she does not use the branded goods. The case become Mary’s materialism in *From Prada to Nada Film* by Angel Gracia.

c. **Solidarity**

**Situation:** At the aunt’s house, Nora and Mary dinner with aunt ‘s family, their aunt tell about invitation from Edward’s party. She take a invitation in the mail. it is the invitation of edward’s engagement party. Nora looks bad face. she also cry in this situation. She just keep silent. Then she leaves at the dinner. Their family afraid with Nora. If, Nora broken heart with the big problem in his life. Mary run Nora in the room.

**Aut:** I made chicken soup
**Nora:** Is something wrong
**Aunt:** No
**Nora:** Well, obviously something is going on, so why dont you tell me what’s going on?
**Aunt:** This came by mail
**Nora:** What is it?
**Aunt:** An invitation to edwards engagement party.
**Nora:** Finally
**Mary:** You knew
**Nora:** Yeah, yeah. Can we eat?
**Aunt:** Do you like Aguacate Mary?
**Mary:** No, actually, no. This is perfect.
**Thank**
**Aunt:** Do you know, the best for the chicken soup is Aguacate. Mary
**Mary:** Hey, you have to tell him
**Nora:** It’s too late
**Mary:** If he announces an engagement that quick, it just means that he is way more confused than you are.
**Nora:** What can i do?

Mary : Just tell him. Just tell how you feel, or else you are gonna end up regretting it.
Okay? What olivia does not know is that she has just given you a wonderful opportunity
**Nora:** I dont think i can.
**Mary:** Well, i’m going with you.
**Nora:** That scares me even more.
**Mary:** Shut up
**Aunt:** Thank god. they finally made up. Its about time. Lets go before they hear us.

In this part, the reseacher analyzes the croversation means that the Mary’s solidarity is able to make someone thinks positive in their barain. Mary has a good character in the situation where Mary tries to solve Nora’s problem in her life. Mary wants to help Nora at this situation with the ways she will go to Edward’s party together with Nora. They will solve the problem together. The reseacher thinks that materialism in this film does not give negative effect but also give positive effect. It can be sessn from the dialogues well, i’m going with you. It shows that there is any positive side from Mary to help someone especially in thos dialogue is Nora. She wants to help Nora to get Edward as Nora’s boy friend.

Based on the explanation above, the reseacher concludes that every people has responsible in social life. It can be called by a solidarity. On the other hand, solidarity is the good character from someone. Solidarity means that the protection to each other person around us. *From Prada to Nada Film* gives explanation about social life in society. Then, the film connected with the action of people with circumstance. Solidarity does not saw an ethnic, class social, religion the other case. Because, solidarity appears in someone’s soul without dicriminate who is the person.

d. **Depression**

**Situation:** Nora and Mary come the Edward engagement party in
the beverly hills. They shock that they look their house. Many different of the house. Olivia was change their house. Furthermore, Olivia has event in this house. There is the Edwards engagement party and she will sell the house. Then, Mary meet Rodrigo in new beverly hills. Rodrigo is the TA at the university. He bring wife at the party. Mary very sad and shock, Whe she look at the situation. She not accepted with the situation. She fell dissapointed with Rodrigo. Rodrigo was lie Mary.

Mary : Rodrigo
Rodrigo : Hey mary. What a suprise to see you here.
Mary : I though you were in Mexico.
Rodrigo : Yeah. Yeah, i was. I just come back. I want you to meet Natalia, my wife. Mary was by far my best student this year. Right.
Natalia : Nice to meet you. You should come to dinner when we settle in to the house.
Rodrigo : Yeah. You bought this house?
Natalie : He seduced me with it. I used to hate LA, and now i love this house.
Rodrigo : Hey. Good to see you again. Dont worry. She is drunk or something.
Steward : Mary. Mary! Mary!

In the action above, the researcher thinks that the conversation means the effect of materialism is the depression. When, Mary knows Rodrigo in Edward’s party. Exactly, Rodrigo has a wife. Mary also knows about the beverly hill is not belongs to Rodrigo, but it belongs to his wife. It can be seen from the conversation between Mary and Rodrigo and also with Rodrigo’s wife. The italic conversation above shows that Mary feels dissapointed with Rodrigo and it causes Mary gets depression. She dissapointed with Rodrigo in Edward’s party. Mary goes out from the party. She drives the car without Nora. She leaves Nora at the party. She runs from the beverly hills because she is very shy in the situation. Then, she cries in the car by driving her car fastest. But in the street, Mary gets accident so that she has to deliver to the hospital.

From the situation above, it is an effect of materialism. Mary gets a calamity from the situation. She gets many experinces from the accident. She thinks that materialism is bad current. She just uses the big ambition in her brain without good thinking. The ambition gets beverly hills again and she gets a lot of money in her life. She does not want to be a poor people. Finally, she has a characteristic of materialism to fulfill a nesessary in her life. It can be concluded that depression is one of effects of materialism. It can be called as a negative effect of materialism.
